Release 3.1 Changes for External Customers

A number of changes have been made to the CM/ECF application in Release 3.1. Below is summarized some of the major changes which will impact the use of CM/ECF by external users. If there are any questions regarding how to use CM/ECF in Release 3.1, please contact the DQA/Trainers in the appropriate divisional office.

New Reporting Requirements

CM/ECF Release 3.1 will be collecting and reporting more data to send to the Statistics Division of the Administrative Office. The traditional reporting of case opening and closing data will continue, but new fields from actual docketing events will also be transmitted. The Court will be modifying case opening and specific events in CM/ECF to capture required data. This list is an example of the variety of information being gathered.

- Filing fees
- in forma pauperis
- Assets
- Amended, modified and approved plans
- Chapter 11 trustee activity
- Transfer cases
- Appeals
- Rent deposits
- Damages for creditor misconduct
- Debtor attorney sanctions
- Damages under rule 9011
- Reaffirmation agreements
- Event Specific Data (extracted through docket events):
 - Event frequency
 - Filed date
 - Role of filer
 - Dollar amounts
 - Order actions
 - Related case numbers
 - Hearing locations
 - Judge code
- Fifty Contested Matters
 - Data not reported until matter is disposed
 - Includes all related events, hearings, answers, etc.

Case Opening

- **Open a Voluntary Bankruptcy Case**
 - Initial screen displays the option for Foreign Main Proceeding or Foreign Nonmain Proceeding if filing under Chapter 15. This section will not appear for other chapters.
 - **Statistical Information** screen changes (see Fig. 1)

The screenshot shows the 'Open New Bankruptcy Case' form in the ECF system. The form is divided into several sections. On the left, there are input fields for 'Prior filing within last 8 years' (set to 10), 'Fee status' (Paid), 'Nature of debt' (blank), 'Asset notice' (No), 'Estimated number of creditors', 'Estimated assets', and 'Estimated debts'. On the right, there are radio button options for 'Type of debtor' (Individual, Corporation (includes LLC & LLP), Partnership, Other) and 'Nature of business' (Health Care Business, Single Asset Real Estate, Railroad, Stockbroker, Commodity Broker, Clearing Bank, Other, Tax-Exempt Entity). Red dashed arrows point to the 'Prior filing within last 8 years', 'Nature of debt', and 'Nature of business' sections. 'Next' and 'Clear' buttons are at the bottom left.

Fig. 1

- The item "Prior filing within last 8 years" has been added.
- The item "Nature of debt" is blank and must be selected - consumer or business. If Nature of Debt is "consumer", Type of debtor must be "Individual."
- The item "Asset notice" has a default value of "yes" or "no" appropriate for the chapter.
- The items "Estimated number of creditors", "Estimated assets", and "Estimated debts" are blank and must be selected. Values for estimated assets and estimated debts have changed.

- The "Nature of Business" label has been added above the list of business types. An "Other" business type has been added. Radio buttons have replaced checkboxes. The "Tax-Exempt Entity" (which replaces the Nonprofit Organization checkbox) can be selected in conjunction with any type of business.
- Two new checkboxes appear when opening a Chapter 11 case (not shown on Fig. 1):
 - "A plan is being filed with this petition"
 - "Acceptances of the plan were solicited prepetition"
- **Summary of Schedules** new screen (see Fig. 2)

Certain data from Official Form 6 (Summary of Schedules and Statistical Summary of Certain Liabilities and Related Data) will now be required for reporting purposes when opening a bankruptcy case for an individual debtor with primarily consumer debts filing under chapters 7, 11 or 13.

- If the information is not available at case opening, the data can be entered when docketing the following event:
 - * **Schedule(s) and/or Statement(s), Lists**
- If amended schedules or amended petition filed, the data can be added/updated when docketing the following events:
 - * **Amended Schedule(s) and/or Statement(s), List(s)**
 - * **Amended Voluntary Petition**

Caution: The amount entered will **OVERWRITE** any previous value; it will not add the new amount to the previous value.

Case Upload

- The format of the statistics record has changed in 3.1 to include the new case opening fields and additional edit checks will be made.
- Attorneys must upgrade their petition preparation software at the same time the court upgrades to Release 3.1.
- Attorneys attempting to open a case using a pre-Release 3.1 version of their petition preparation software will receive a CM/ECF error message that their case upload file is rejected due to using an older version.
- Likewise, if an attorney upgrades their petition preparation software to be compatible with CM/ECF Release 3.1, but the court has not yet upgraded to Release 3.1, the attorney will receive an error message.
- When a Chapter 7 case for an individual is uploaded, a value for the Presumption field will be required only if Nature of Debt is "consumer." Previously, a value was required for the Presumption field even when the Nature of Debt was "business."
- Release 3.1 checks the number of fields in the Statistics Record. If the number of fields is not equal to 34, then an error message is displayed.
- Details can be obtained from the PACER Service Center at http://pacer.psc.uscourts.gov/cmecf/developer/case_upload.html.

INSTRUCTIONS

The filing of a bankruptcy case creates an "estate" under the jurisdiction of the bankruptcy court which consists of all of the property of the debtor, wherever that property is located. Because the bankruptcy estate is so extensive and the jurisdiction of the court so broad, there may be lawsuits over the property or property rights of the estate. There also may be lawsuits concerning the debtor's discharge. If such a lawsuit is filed in a bankruptcy court, it is called an adversary proceeding.

A party filing an adversary proceeding must also must complete and file Form 104, the Adversary Proceeding Cover Sheet, if it is required by the court. In some courts, the cover sheet is not required when the adversary proceeding is filed electronically through the court's Case Management/Electronic Case Files (CM/ECF) system. (CM/ECF captures the information on Form 104 as part of the filing process.) When completed, the cover sheet summarizes basic information on the adversary proceeding. The clerk of court needs the information to process the adversary proceeding and prepare required statistical reports on court activity.

The cover sheet and the information contained on it do not replace or supplement the filing and service of pleadings or other papers as required by law, the Bankruptcy Rules, or the local rules of court. The cover sheet, which is largely self-explanatory, must be completed by the plaintiff's attorney (or by the plaintiff if the plaintiff is not represented by an attorney). A separate cover sheet must be submitted to the clerk for each complaint filed.

Parties. Give the names of the parties to the adversary proceeding exactly as they appear on the complaint. Give the names and addresses of the attorneys if known.

Signature. This cover sheet must be signed by the attorney of record in the box on the second page of the form. If the plaintiff is represented by a law firm, a member of the firm must sign. If the plaintiff is pro se, that is, not presented by an attorney, the plaintiff must sign.

Docketing

- **Trustee's 341 Filings**
 - Now, only active trustees can docket in a case. Previously, a trustee was able to docket in a case in which he was no longer active.
- **Notice of Electronic Filing**
 - Previously, any recipient of an NEF was allowed one view of referenced documents without incurring PACER charges. Now, only participants in the case (parties and attorneys) are given a "free look" the others will be billed.
 - On the NEF and in the "Mailing Information for a Case" (under the Utility menu), all interested parties receiving e-mail were listed. Now, they are only listed if they are regular parties in the case.

- **Automatic Docketing Interface (ADI)**
 - When a chapter is changed to Chapter 15 a data function has been added to specify whether the Petition for Recognition of a Foreign Proceeding is the main case.
 - When a party in an Adversary case is added or modified a docketing function is used to specify the role of the party in the related bankruptcy case.

Noticing

- The correct return address for the debtor/plaintiff attorney now appears in all notices.
- A "Notice of Transfer of Claim Other Than for Security" (B210B) is now sent to the transferor when a transfer event is docketed.

Query

- When multiple cases match the query criteria, the list of cases shows the date closed in addition to the date filed.

Reports

- The Cases and Docket Activity reports now display a warning that they are not subject to the 30-page cap on PACER charges.
- Cases: The display now includes the old chapter for a converted case.
- Docket Report: The chapter of the related bankruptcy case is now shown for an adversary proceeding.

Utilities

- Maintain Your ECF Account: The ability to change your login name is no longer available.
- Mailings/Mailing Info for a Case: All attorney email recipients are now listed.
- Mailings/Mailing Labels by Case: Previously, labels would not be produced if any of

the requested addresses contained a double quote. This no longer occurs.

Miscellaneous

- If a case has been converted or dismissed, the appropriate labeled date is now displayed with the case number at the top of the docketing screen and on various reports and utilities, such as the Claims Register and Edit Docket Entries.
- **PACER:**
 - The login screen has been changed to emphasize the differences between CM/ECF and PACER logins.
 - An option to make the entry of client code mandatory now exists [specified by the user through their PSC account].

Note: After a CM/ECF user has designated a default PACER account, logging in to CM/ECF causes the PACER login process to happen automatically; the user does not expect to be asked for a PACER login when running a billable report. However, if client code has been made mandatory for the default PACER account, the automatic login to PACER will not occur without a client code; if he has not typed a client code on the CM/ECF login screen, the PACER login screen will be displayed when the user runs a report.

- PACER users can now choose whether or not to display the PACER receipt [specified by the user through their PSC account].
