

**UNITED STATES BANKRUPTCY COURT
EASTERN DISTRICT OF VIRGINIA**

ANNOUNCEMENT

**THE COURT'S IMPLEMENTATION OF BANKRUPTCY NEXT GENERATION CM/ECF
REMAINS ON-SCHEDULE FOR MARCH 21, 2022;
REMINDER AS TO MANDATORY NEW CM/ECF LOGIN PROCEDURES**

The Court remains on-schedule to migrate to Bankruptcy NextGen CM/ECF on March 21, 2022. As that date approaches, additional information will be provided to you. Please periodically check the Court's internet website's [CM/ECF NextGen Is Coming March 21, 2022](#), web page.

As advised in the Clerk of Court's December 14, 2021, Announcement, the Court has implemented a redesigned internet website. While the URL address for that website remains the same, it was necessary to rename links to that site. This includes the Court's new Bankruptcy Next Generation (NextGen) Case Management/Electronic Case Files (CM/ECF) System's web page.

Please click on the Court's internet website's [CM/ECF NextGen is Coming March 21, 2022](#), web page to access this *very important* information especially as to new mandatory CM/ECF login procedures. Timely following the instructions set forth on that web page will enable you to continue e-filing in ECF with the Court when the new system is implemented. This migration will provide you with the benefit of new Central Sign-on functionality and the ability to maintain one account across all NextGen courts (appellate, district, and bankruptcy). You only will need to sign in once, using your one login name and password, to access any NextGen court in which you have e-filing permission. As a user, you must have an individual PACER Account, which will be your entry login point for both PACER and CM/ECF. Courts continue to be responsible for admitting attorneys and assigning e-filing permissions, and each court will continue to identify each user's appropriate access level.

William C. Redden
Clerk of Court
U.S. Bankruptcy Court
Eastern District of Virginia

Date: January 14, 2022
