

**UNITED STATES BANKRUPTCY COURT  
EASTERN DISTRICT OF VIRGINIA**

**AMENDED PUBLIC NOTICE**

**END OF SUPPORT FOR NETSCAPE PRODUCTS**

The Public Notice dated January 7, 2008, is amended to reflect that the courts have been advised by the Administrative Office of the United States Courts that Time Warner's America Online (AOL) will discontinue support of the Netscape line of products including Netscape Navigator (the web browser) effective March 1, 2008, instead of February 1, 2008. AOL will continue to release security patches for the current version of the browser until that date. Effective March 1, however, AOL no longer will provide active product support for any of Netscape's line of products (Netscape v1-v4.x; Netscape v6; Netscape v7 Suite; Netscape Communicator (all versions); Netscape Browser v8; and Netscape Navigator/Messenger 9). While unsupported products will continue to work, "new" security issues discovered in the unsupported software will not be patched by AOL. Public users who use Netscape Navigator as their browser of choice to access CM/ECF, PACER and Judiciary web sites, should take into account the discontinuation of Netscape support effective March 1 and consider using Internet Explorer or Firefox.

William C. Redden  
Clerk of Court

Date: February 11, 2008
